

Why is cupcake jones unique?

We have a menu that changes monthly to take advantage of fresh and seasonal ingredients

We fill all of our Jumbos sized cupcakes with delicious homemade fillings that complement the cake and icing flavors

We bake from scratch all day

We make our garnishes by hand from scratch.

This month's *handmade* garnishes include: chocolate sandwich cookies, vanilla wafers, strawberry filling, peach filling, cherry filling, lemon curd, strawberry rhubarb filling, marshmallows, graham crackers, chocolate chip cookies, lime chips, berry jam, candied rose petals, caramel sauce, chocolate sauce, lemon chips, and carrot chips

We use fruits, not food coloring, in our icings

We never use shortening

We are a locally owned family business

We use fresh whole eggs

We use Pure Bourbon Madagascar Vanilla

We donate all of our unsold cupcakes daily to a local service agency for the homeless

We use zipcar and public transportation for deliveries

We recycle everything we can

We use biodegradable non aerosol cleaners

We have doggie cupcakes
